LANG'S EVERBLOOMING ROSES

The Queen of all flowers, honored by all, rich and poor alike. For centuries it has been recognized and extolled by poet and king. No garden is considered complete without a planting of the QUEEN OF FLOWERS.

For your consideration and selection, we are listing in this folder Roses that can be used for practically every and any purpose. You will find these Roses under their different classifications.

All the plants we offer are grown in open fields and are naturally acclimated for transplanting in your garden. All plants are 2-year budded stock, with strong, fibrous roots and they are sure to give you results.

Every plant has bloomed in the field before it is sent to you, in this way you are assured that when you purchase Roses from LANG ROSE NURSERIES, they will be true to name.

Forty-one Years Serving the Public Is Your Guarantee of Our Satisfactory Dealings

Tea and Hybrid Tea Bush Varieties

The Roses in this classification are the well known everblooming varieties. They bloom all Summer. The more you cut the flowers the more blooms you will have. Be sure when you cut the flowers that you cut long stems, leaving two or three leaf stems on the plant so that you will have long-stemmed Roses in the succeeding crops.

Two-year, field-grown plants, \$2.50 per dozen, prepaid

Varieties marked ●, \$3.50 per dozen, prepaid

On all orders for less than \$2.00, add 5 cents per plant

• MRS. LOVELL SWISHER

Bud large, deep coppery salmon, opening very double.

CHAS. P. KILHAM

TEA AND HYBRID TEA BUSH VARIETIES — Continued

GOLDEN DAWN

TEXAS CENTENNIAL

The New President Hoover Rose (U. S. Plant Patent No. 162)

This new everblooming Hybrid Tea Rose is the most widely publicized new Rose known, and rightly so, for it is a glorified red Hoover, it being a sport of that famous Hybrid Tea Rose, President H. Hoover. To say that a Rose compares in every way favorably with President Hoover variety is saying a lot, but we firmly believe that we have in TEXAS CENTENNIAL a better and most wonderful new red Rose with all of the Hoover qualities.

TEXAS CENTENNIAL is a bright vermillion red rose with a light tone of gold at the base of petals and with a lighter red at the center of the bloom. It gradually tones to a deep, rich pink as the bloom ages. Bud is long pointed, opening to a large, moderately fragrant flower on a long, strong stem. Holds its color in the sun better than any other red Rose we have ever known.

PRICE, EACH \$1.00.

• MRS. PIERRE S. DU PONT
Flowers medium size, deep golden yellow. Excellent foliage.

• McGREDY'S SCARLET
Large bright crimson shaded with orange scarlet.

• OLYMPIAD
Flame scarlet, high centered flowers, fine cutting Rose.

OPHELIA
Creamy white and pale pink, very fragrant. Blooms of medium size.

• PADRE
Bright coppery scarlet, flushed with yellow. Semi-double flowers.

• PATIENCE
Scarlet carmine; deep orange at base.

PINK PEARL
Deep pink flowers on erect stems, very fragrant.

• PORTERDOWN BEDDER

Double, orange yellow with pink flush.

PRISCILLA
A beautiful rosy pink, flowers large and full. A fine Rose for cutting.

PREMIER

Dark pink flowered on long, stiff stems.

PREMIER SUPREME
Similar to the preceding variety.

PRES. HERBERT HOOVER
Cerule pink, flame scarlet and yellow. Robust grower.
